

DO NOT CALL LIST

I have never met a citizen who does not support the DO NOT CALL LIST. It is our privacy telemarketers are invading. It is our phone, which we pay for that they use. It is our time they take with there unrelenting calls. If someone elects to be on a NO CALL LIST, then the MUST NOT WANT TELEMARKETERS TO CALL THEM. **STOP THEM** from calling all of those who have signed up for the NO CALL list. Your CITIZENS have spoken! We don't want ANY telemarketing calls. NONE!
